WHEEL ALIGNERS

SUBJECT: WHEEL ALIGNER 2021 DATABANK UPDATE

As every year, we confirm that the databank update included in the price list will be soon available.

Generally:

- all databank updates and software upgrade kits that will be sent from February on will feature database 2021
- all the wheel aligners produced with serial number 2021 will already feature database 2021 (T-Check included).

For a better understanding, a detailed schedule is provided below for the introduction of **2021 databank updates** in the codes included in the sales price list:

Clampless wheel aligners:

- cod. 8-35100069 - **Teco T-Check** databank - available from 02/2021

3D camera wheel aligners:

- cod. 8-34900078 - **Teco 920** databank - available from 02/2021
- cod. 8-34900043 - **Teco 820** databank - available from 02/2021
- cod. 8-33100128 - **Teco 830, 840** databank - available from 02/2021

CCD wheel aligners:

- cod. 8-33100134 - **Teco 804** databank - available from 02/2021
- cod. 8-33100156 - **Teco 814** databank - available from 02/2021
- cod. 8-33200065 - **Teco 804, 814 Special Version** databank - available from 02/2021

Discontinued wheel aligners:

- cod. 8-33600002 - **Teco 810, 812** databank - available from 05/2021
- cod. 8-33600001 - **Teco 808** databank - available from 05/2021
- cod. 8-33600005 - **Teco 806** databank - available from 05/2021
