

## OGGETTO: MAT - Mobile Accessories Trolley

We are proud to introduce our new mobile accessories trolley. You definitely need to use the appropriate accessories to best meet your everyday challenges. As there are so many accessories available, we thought of a very practical **TROLLEY** where you can store everything and have it handy at all times.

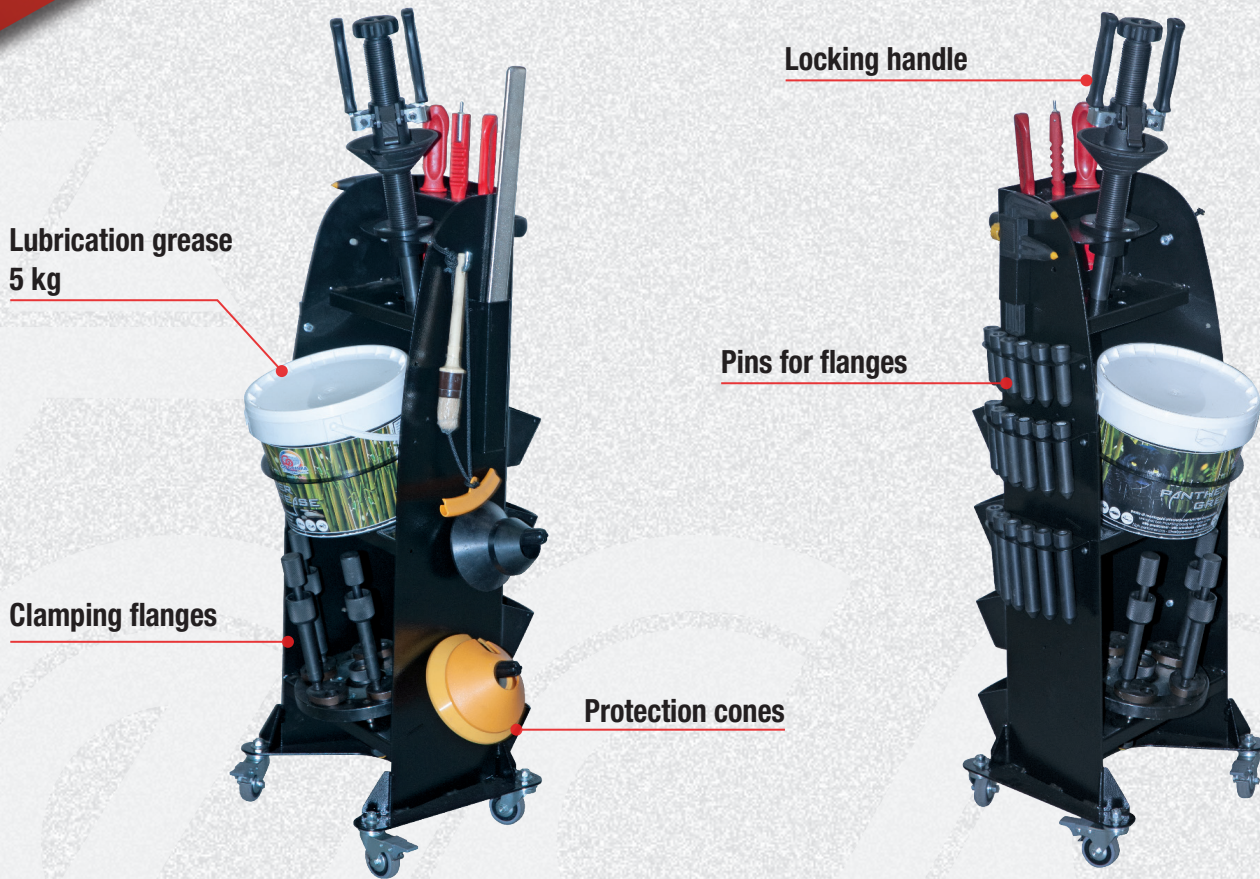

We are also aware that our customers have their own needs, that's why this new trolley was designed to be easily adapted as desired by any user.

Thanks to its versatility, you can easily assemble all various supports and holders on your own, as you prefer. Here are two different layouts.

### Layout A

Layout B
