## SUBJECT: NEW FUNCTION FOR VEHICLE SELECTION BY VIN CODE

This is to inform you that the new function for vehicle selection through VIN code and **WEB SELECTION** is now available.

This function is available with the software update 10.40 released last April, at the same time as the release of PROADAS 9.0 database.

Press the WEBSEL\* key to access a WEB page where it is possible to select the vehicle in 2 modes:

- Standard Selection, Brand/Model/Year
- By entering the VIN code in the specific field

The screenshot shows the 'VEHICLE SELECTION' screen. At the top, there is a 'WEB SEL' button and a 'BACK' button. Below this is a 'MAKER' list with 'ALFA ROMEO' selected. The list includes: ALFA ROMEO, AUDI, BENTLEY, BMW, BUICK, CADILLAC, CHEVROLET, CITROEN, CUPRA, DS AUTOMOBILES, FIAT, FORD, GMC, HYUNDAI, INFINITI, and JAGUAR.

Below the maker list, there are three columns: 'Make', 'Model', and 'Year'. The 'Make' column shows 'ALFA ROMEO' selected. The 'Model' column shows 'Giulia' selected. The 'Year' column shows '2021' selected.

To the right of these columns is a 'VIN Code' field with a search icon. Below this field is a small image of a red Alfa Romeo Giulia and the text '46 (11 952)'.

At the bottom, there is a table with the following columns: Version, Mod. Year, Fuel, From, To, Cc, Kw, Engine, Version, and Doors. The table lists several versions of the Alfa Romeo Giulia:

Version	Mod. Year	Fuel	From	To	Cc	Kw	Engine	Version	Doors
