TECO 55A

SUBJECT: HEAVY-DUTY TYRE CHANGER

We are pleased to present the new **TECO 55A** our engineers have redesigned all the control systems, renewed the structure and created the possibility of wireless working..

New electric and hydraulic power unit

Tool Arm

Chassis

New Radio kit

Both the **electrical unit** and the **hydraulic power unit** have been redesigned to offer state-of-the-art equipment.

We have taken advantage of the latest technological innovations to obtain a heavy-duty tyre changer that is increasingly high-performing and can guarantee excellent operation at all times.

This is also thanks to the introduction of the **new radio kit**, a great innovation for this segment of machines.

New machine codes:

- **0-12602601/00** **Teco 55A 400.3.50**
- **0-12602602/00** **Teco 55A 230.3.60 - CSA**
- **0-12602603/00** **Teco 55A 400.3.60**
- **0-12602604/00** **Teco 55A 230.3.50**
- **0-12602605/00** **Teco 55A 200.3.50**

You will also find all the new details in the new brochure.
