

TESTLine

Automotive Equipment

EN Roller Brake Tester

Low-Profile roller brake tester for light and HD vehicles

Low-Profile roller brake tester for light and HD vehicles

TESTLine is the new range of Teco brake testers able to satisfy the testing needs of automotive professionals: from independent pre-check workshops, to specialized testing centres, for both light and HD vehicles.

TESTLine features a compact design of roller benches which meets the different layout demands of modern workshops, combining advanced technology (manual/automatic operation, start-up monitoring, slip switchoff, switch-off after driving out of the test bench) and smart solutions (pointer display or SW interface on PC).

ROLLER BRAKE TESTER FOR CARS & TRANSPORTER VEHICLES

TL C300R

Track: 820-2.160 mm
 Roller diameter: 167 mm
 Testing speed: 2,6 Km/h
 Braking power: 6 kN
 Motors: 2 x 2,4 kW
 Testable axle load: 2,6 t
 Voltage: 3Ph/400V/50Hz
 Rollers: welded surface

TL C350R

Track: 800-2.200 mm
 Roller diameter: 205 mm
 Testing speed: 5 Km/h
 Braking power: 4,5 kN
 Motors: 2 x 3 kW
 Testable axle load: 2 t
 Voltage: 3Ph/400V/50Hz
 Rollers: gritted coated

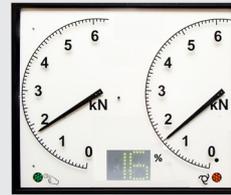

TL C600R

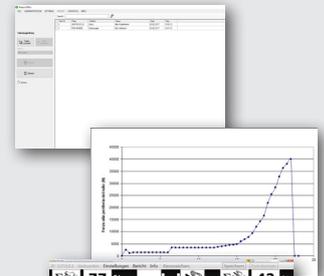

Track: 800-2.800 mm
 Roller diameter: 205 mm
 Testing speed: 5 Km/h
 Braking power: 6 kN
 Motors: 2 x 4 kW
 Testable axle load: 2,6 t
 Voltage: 3Ph/400V/50Hz
 Rollers: gritted coated

Features- Accessories

Pointer display

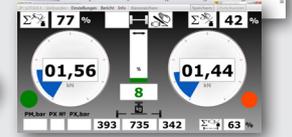

SW for PC

IR remote control

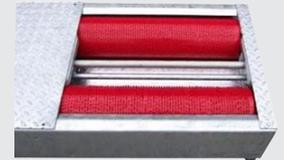

USB converter

Gritted coated rollers

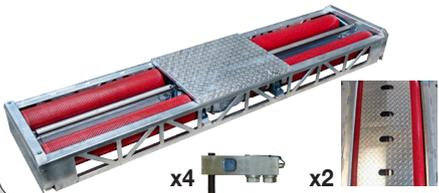

Welded rollers

ROLLER BRAKE TESTER FOR TRUCK

TL C1000R

Track: 800-2.800 mm
 Roller diameter: 205 mm
 Testing speed: 2,6 Km/h
 Braking power: 32 kN
 Motors: 2 x 7,5 kW
 Testable axle load: 12 t
 Voltage: 3Ph/400V/50Hz
 Rollers: gritted coated

TL T1300R

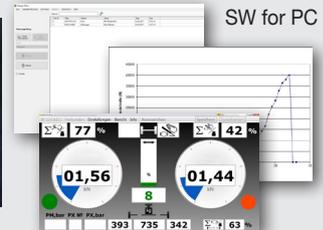

Twin Rollers Set
 Track: 800-2.800 mm
 Roller diameter: 205 mm
 Testing speed: 2,6 Km/h
 Braking power: 32 kN
 Motors: 2 x 7,5 kW
 Testable axle load: 12 t
 Voltage: 3Ph/400V/50Hz
 Rollers: gritted coated

Features- Accessories

Pointer display

SW for PC

LED display
